ATTACKS & SPELLCASTING

CP ____

SP ____

EP ____

GP 18

PP ____

EQUIPMENT

I am always calm, no matter what the situation. I never raise my voice or let my emotions control me.

PERSONALITY TRAITS

People. I'm loyal to my friends, not to any ideals, and everyone else can take a trip down the Styx for all I care. (Neutral)

IDEALS

I'm guilty of a terrible crime. I hope I can redeem myself for it.

BONDS

An innocent person is in prison for a crime that I committed. I'm okay with that.

FLAWS

Draconic Resilience
As magic flows through your body, it causes physical traits of your dragon ancestors to emerge. At 1st level, your hit point maximum increases by 1 and increases by 1 again whenever you gain a level in this class.

Additionally, parts of your skin are covered by a thin sheen of dragon-like scales. When you aren't wearing armor, your AC equals 13 + your Dexterity modifier.

Hold Breath. You can hold your breath for up to 15 minutes at a time.

CHARACTER NAME

AGE	HEIGHT	WEIGHT
EYES	SKIN	HAIR

CHARACTER APPEARANCE

Criminal Contact
You have a reliable and trustworthy contact who acts as your liaison to a network of other criminals. You know how to get messages to and from your contact, even over great distances; specifically, you know the local messengers, corrupt caravan masters, and seedy sailors who can deliver messages for you.

NAME

SYMBOL

ALLIES & ORGANIZATIONS

Spellcasting: 4 1st level, 3 2nd level. 5 cantrips. 4 sorcery points

Font of Magic
At 2nd level, you tap into a deep wellspring of magic within yourself. This wellspring is represented by sorcery points, which allow you to create a variety of magical effects.

Sorcery Points. You have 2 sorcery points, and you gain more as you reach higher levels, as shown in the Sorcery Points column of the Sorcerer table. You can never have more sorcery points than shown on the table for your level. You regain all spent sorcery points when you finish a long rest.
Flexible Casting. You can use your sorcery points to gain additional spell slots, or sacrifice spell slots to gain additional sorcery points. You learn other ways to use your sorcery points as you reach higher levels.
Creating Spell Slots. You can transform unexpended sorcery points into one spell slot as a bonus action on your turn. The Creating Spell Slots table shows the cost of creating a spell slot of a given level. You can create spell slots no higher in level than 5th. Any spell slot you create with this feature vanishes when you finish a long rest.
Converting a Spell Slot to Sorcery Points. As a bonus action on your turn, you can expend one spell slot and gain a number of sorcery points equal to the slot's level.

Metamagic
Seeking Spell. If you make an attack roll for a spell and miss, you can spend 2 sorcery points to reroll the d20, and you must use the new roll.
You can use Seeking Spell even if you have already used a different Metamagic option during the casting of the spell.
Distant Spell. When you cast a spell that has a range of 5 feet or greater, you can spend 1 sorcery point to double the range of the spell.
When you cast a spell that has a range of touch, you can spend 1 sorcery point to make the range of the spell 30 feet.
